RE: Support for Special Session Assembly Bill 8 – Regulatory Reform

The Wisconsin Economic Development Association (WEDA), a statewide organization consisting of approximately 450 economic development professionals, respectfully urges you to support Special Session Assembly Bill 8 (SS AB 8), relating to administrative rulemaking reforms.

SS AB 8 will greatly improve Wisconsin's current regulatory climate for Wisconsin businesses, which in the past has been an impediment to economic growth.

We respectfully urge you to support SS AB 8 to continue making improvements to Wisconsin's overall business climate.

Thank you.
